An Act for enabling the Inhabitants of Districts not within the Presidency Towns to make better provision for purposes connected with public health and convenience.

I. It is hereby enacted, that if it shall appear to any of the Governments of the respective Presidencies that two-thirds in number and value of the householders of any District within any such Presidency are desirous of making better provision for the repairing, cleansing, lighting, draining or watching of any public streets, roads, drains or tanks, or any like local purpose, it shall be lawful for the Government to which such District is subject to authorize the same in manner following.

II. And it is hereby enacted, that the Local Government, upon any application made to it for the purpose by or on the part of the householders aforesaid, may, at its discretion, authorize the persons whose names shall be presented or so many of them as may be thought proper being inhabitants of the District, to be a District Committee for the purpose of effecting the local objects specified in the application.

And it is hereby enacted, that any such Committee may make such assessments and such rates as may be necessary for effecting the objects aforesaid, and may make all necessary contracts and appoint such servants as may be required with reasonable salaries. **FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 12TH APRIL, 1841.**

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 12th April 1841, is hereby promulgated for general information.

ACT No. I. of 1841.

An Act for facilitating the collection of the Revenue of Government and defining the interest intended to be conveyed by public sales for the realization of arrears of the Public Revenue in Putteedarree Estates.

I. The Regulations in force authorize Preamble, the application of duress for enforcing the payment of arrears of the public revenue, only against the person and property of the Contracting Lumberdar, leaving him to proceed against the Putteedars by suit or distraint. But with reference to the peculiar nature of these Coparcenaries the existing enactments appear to be insufficient, on the one hand for the protection of the rights of the Putteedars, and on the other hand for the punctual realization of the dues of Government. The Regulations are also deficient in not authorizing with sufficient distinctness the sale or transfer of the Puttees of defaulting Putteedars in Putteedarree Estates, and in not defining the interest intended to be conveyed by public sales of such Estates.

II. A Putteedarree Estate in this Act is held to be an Estate which consists of two or more separate portions or Puttees, or of which there may be proprietors, possessed of separate properties and holding direct of the Government, but not parties in their own names to the contract with the Government for payment of the public revenue. The proprietor who is a party in his own name is called a Lumberdar, and the proprietor who is not a party in his own name is called a Putteedar.

III. It is hereby enacted, that the following modes of duress may be enforced against all Putteedars whose tenure and interest may have been defined by a Settlement formed according to Regulation VII. of 1822 as modified by Regulation IX. of 1833, whether every such Putteedar be in sole occupation of his Puttee, or hold it in common with others.

1st. Issue of Disticks in the same manner, and under the same limitation, as authorized by the rules in force for Lumberdars.

2d. Arrest, detention, imprisonment, distraint and sale of personal property as now authorized to be enforced against Lumberdars.

3d. Transfer of the defaulting Puttee in perpetuity to the members of any other Puttee which may not be in arrears.

4th. Annulment of the Settlement as regards the defaulting Puttee, and lease thereof to the members of any other Puttee which may not be in arrears or to a stranger for any term not exceeding fifteen years.

5th. Sales of the defaulting Puttee by public auction in which case the members of the remaining Puttees who may not be in arrear are authorized to bid.

IV. And it is hereby enacted, that on occasion of the sale by public auction of any Puttee, if the lot shall have been knocked down to a stranger, any Putteedar or other member of the coparcenary not being himself in arrear may claim to take the said Puttee at the sum last bid, provided that the said demand of pre-emption be made on the day of sale and before the Collector shall have left the office, and provided that the claimant fulfil all the other conditions of the sale.

V. And it is hereby enacted, that the above methods be employed by the Collector or other Officer vested with the powers of Collector, under such limitation and control as Government or other superior revenue authorities shall see fit to prescribe or enforce.

VI. And it is hereby enacted, that the sale of any Puttee by public auction, shall be effected in respect to the notice to be issued, the authority to be obtained, and the mode of conducting the sale according to the rules prescribed by Law from time to time for the sale of an entire Mehal, and the Puttee after the sale shall have been duly confirmed shall be the absolute property of the purchaser, save and except the rights of those Ryots whose right to the permanent occupancy of their lands may have been recognized, and the rates of rent payable by whom may have been adjusted and recorded at the last settlement.

VII. And it is hereby enacted, that in case of the lease or other temporary transfer of any Puttee as above said no member of that Puttee shall be entitled to cultivate any land therein during the term of such transfer, or in case of absolute sale no member of the Puttee shall be entitled to hold or cultivate any land therefrom, and after the month of Bysack next succeeding such sale unless the said member of such sold or transferred Puttee shall first execute a written engagement to payment to the purchaser or transferee at the rate demanded by the purchaser or transferee. Provided that it shall be competent to the Collector, subject to the orders of the Commissioner and the Sudder Board of Revenue, if the rate cannot be fixed by private bargain between the parties to cause the same to be fixed by a jury of the vicinage in the mode directed by Sections V. to X. Regulation IX. of 1833.

VIII. And it is hereby enacted, that a copy of the Jumma Wasil Bukee and detailed Kuteonee of the Tehsildar signed and sealed by him, and countersigned by the Canoongoes and Putwarry exhibiting in detail the amount paid by and arrear due from each Puttee shall be taken to be sufficient evidence of the arrear due from that Puttee, and these papers shall invariably be filed with the Collector's proceedings.

IX. And be it enacted, that the Collector be empowered to give possession to all purchasers and transferees under this Act in the mode authorized by Clause III. Section XXIII. of Regulation VII. of 1822.

X. And it is hereby enacted, that nothing contained in this Act shall bar the indefeasible right of Government to hold the entire body of proprietors and the entire estate responsible for the amount of the whole Jumma, and to enforce the existing regulations for the transfer or sale of the whole estate whenever it shall appear to them just and expedient. In every such case it is hereby declared in modification of Regulation XI. of 1822, that the entire proprietary rights of every member of the coparcenary shall be annulled and forfeited, and the provision of Section V. of this Act shall be applicable to every member of the Coparcenary.

XI. And it is hereby enacted, that the Governor General in Council may extend the provisions of this Act to any district to which with reference to the nature of the tenures prevalent therein its extension may be expedient, although no Settlement of such district may have been made under Regulations VII. of 1822, and IX. of 1833 and the Order of Government shall be sufficient authority for such extension.

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

In thus offering his thanks for the extensive and honorable patronage long afforded to the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance.—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouch-ed for by a large proportion of those whose engagements led them to India. COUNTERFEIT LABELS—INJUNCTION.

[VICE-CHANCELLOR'S COURT, FEB. 22.]—This was a case (DAVIS AND OTHERS v. BRYANT,) in which an application was made upon notice for a special injunction, to restrain the defendant from using labels which were counterfeits of those used by the plaintiffs. The plaintiffs are Messrs. Hesketh Davis and Co., the eminent oil and pickle dealers of Leadenhall-street, and the defendant is the superintendent of St. James's workhouse. From the statements of the learned counsel, it appeared that the pickles of the plaintiffs having acquired considerable reputation in India, the defendant, who has a son there, had been in the habit for some time of sending articles to him, the bottles of which were labelled with an exact imitation of the bottles used by the plaintiffs. This was not discovered by the plaintiffs till a short time ago, and the manner of that discovery was rather singular. A note was sent to the plaintiffs from an engraver, stating that he thought it would be a great improvement if they would have the plate of their labels touched up a little, as it had become the worse for use. This communication surprised them, knowing that the party who had written to them was not the engraver whom they employed, and they immediately waited upon the engraver, when, to their astonishment, they discovered that the plate was a spurious one, and that it had been sent to the engraver by the defendant. Upon this a remonstrance was sent to the defendant, but without effect, and the only course left open to the plaintiffs for the purpose of putting down this simple and modest use of their labels by the defendant, was to apply to that court for the injunction. Notice had been given to the defendant of the application, but he had very wisely thought proper not to appear.—The Vice-Chancellor, without the least hesitation, immediately granted the injunction.

Messrs. H. DAVIS AND Co. have appointed TULLOH AND Co. to be their AGENTS in CALCUTTA—so that the Public may depend on the Oilman Stores, sold by them, being genuine.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn

deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

Resolution—With a view to uniformity of practice at all the Presidencies, the following Constructions of Rules of the Absence Regulations, dated the 29th January, 1840, are ordered to be published for general information and guidance.

SECTION III.

SECTION III.

No leave of absence shall have any retrospective effect, except in cases of severe illness to be attested by Medical Certificate, conforming in every respect to the directions contained in Section V.

1st.—The leave with retrospective effect referred to in this Section is leave extending to absence antecedent to the permission of the Government—that is, to absence in anticipation of original leave without the excuse of sickness.

SECTION VI. AND VIII.

SECTION VI.

Civil Servants absent from their Stations under Medical Certificate will be entitled to the Salaries of their respective offices subject to the following deductions. If the Salary exceed Rupees 2,000 per mensem, one-sixth for the first year and for the second year one-fourth. If the Salary do not exceed Rupees 2,000 per mensem, one-eighth for the first year and one-sixth for the second. But if the Salary of office be not more than Rupees 500 per mensem, no deduction shall be made for the first year, and if it be only so much more that the prescribed deduction of one-eighth would reduce the allowance below Rupees 500 per mensem only the excess beyond Rupees 500 shall be deducted. For the second year the absentee shall become liable to the deduction of one-eighth. An absent Servant shall in no case retain any office or employment nor be permitted to draw any portion of Official Salary for a longer period than two years; but a Civil Servant, who may, on account of sickness, duly certified, obtain an extension of leave beyond two years will, if below the rank of a Senior Merchant, be allowed to draw the Subsistence Allowance of a Junior Merchant, and if a Senior Merchant the Subsistence Allowance of his rank, but if he continue absent in disobedience of an order to return, or without sufficient cause shown, that Allowance also will be forfeited. The period of absence shall be computed from the date at which the Absentee shall quit the limits of the Territories, subject to the Presidency to which he may belong, to the date of his return within such limits, or if he shall proceed beyond Sea from the date of his embarking at any place or port in India, which is not more distant from his station than the Ports of his own Presidency; but if the place to which he shall proceed shall be within the Territories subject to such Presidency his period of absence shall be computed from the date of his quitting his Station to the date of his return thereto.

SECTION VIII.

NOTE.—This Rule applies to all Descriptions of leave on account of health, excepting those granted under Section XII.

Thus a second leave within the Presidency no less than a second leave to Sea will be computed as forming part of the period of two years, if taken before three years have elapsed since return from the first leave and the deductions will be made upon computation of the accumulated period of absence under all such leaves taken without the intervention of three years of consecutive service.

No second leave will be granted to any Civil or Military Servant holding a Civil appointment, who has been absent under the above rules for two years until three years at the least shall have passed after the date of such Servant's return, but if such Servant is compelled by sickness again to absent himself from his Station within three years after having been absent under the above rule for less than two years, he will be allowed to complete that period, subject to the limitations and conditions heretofore prescribed, drawing the proportion of Salary allowed for the remaining time as if the leave had been continuous.

2d.—A Servant is not allowed to be absent, retaining "Office or Employment" or "portion of Official Salary," for a period exceeding two years; but extension of leave may be obtained on account of sickness duly certified, and during such extension the Absentee is authorized to draw the Subsistence Allowance of his rank. If the absence be beyond the Territories of the Presidency to which the Servant belongs, it is to be computed from the date of his quitting the limits of his Presidency to the date of his return within those limits; if beyond Sea, from the date of his embarkation from the port of his Presidency or from any Port not more distant than the Port of his Presidency to the date of his return within the limits of his Presidency. If the place to which he shall proceed be within the Territories subject to his Presidency, his period of absence shall be computed from the date of his quitting his Station to the date of his return thereto.

A second leave of this kind cannot be granted until three years at the least shall have passed after the date of such Servant's return, but any time short of two years in a previous absence may be subsequently allowed in completion of two years. The Note attached to Section VIII. specifies that this Rule applies to all descriptions of leave on account of health excepting those granted under Section XII.

After two years of absence, continuous or accumulated, under these Rules, if a Servant obtain leave of absence on Sick Certificate before an interval has passed of three years, he cannot retain office or employment, or any portion of Official Salary, but he is entitled to the Subsistence Allowance of his rank. The Rule* in Section VI., if literally interpreted, would require the Servant returning from beyond Sea, whose full period of two years had expired between the date of his embarkation, and the date of his return within the limits of his Presidency, to be reappointed to his Office. For the time spent in joining his Station in excess of two years, he is entitled to draw only the Subsistence Allowance of his rank.

* "An absent Servant shall in no case retain any office or employment, nor be permitted to draw any portion of Official Salary, for a longer period than two years."

It is not provided that in cases in which the full period of two years absence is composed of accumulated leaves, the intervals of time passed in the performance of duty shall be reckoned in part of the three years which must expire before a Servant is eligible to a new series of leave.

But if this were not allowed the operation of the Rule might be unintentionally severe on a Servant whose health should compel him to obtain leave of absence for a portion of the two years, say for only a month, at the extremity of the three years after the date of his return, the same Servant having been already absent for 23 months either all at once, or his absences at different times having accumulated to 23 months. It would not have been intended by the Rule that after 35 months of duty, being entitled to one month on account of the old score, a new series of leave or a single instance of leave on Sick Certificate should not be obtainable for three years from the expiration of that one or 36th month.

The Rules do not prescribe any different rate of deduction from allowances during absence on Sick Certificate within the Territories of the East India Company and during similar absence at the Cape of Good Hope, or within the limits out of the Territories of the East India Company declared in Section IV. But they fix the computation of the Servant's absence beyond the Presidency to be from the date of leaving to the date of returning to the Port of his Presidency.

The Rules provide sufficiently for the Audit of his Allowances after two years absence beyond Sea, until the Servant rejoins his Station, but they do not specify what rate of deduction is to be made from the Absentee's Allowance for the time elapsing after departure from Station and before embarkation. This therefore has required to be provided for by a new Regulation, or by some exposition of the existing rules.

The Rule that admits of an absence of two years enables a Sick Servant to reside sufficiently long in another climate under ordinary circumstances to re-establish his health; for which object that protracted absence is permitted, when certified to be necessary. Forfeiture of Appointment, therefore, does not take place till a full two years have transpired between embarkation and return to Port. If the latter part of the Section VI be taken to apply only to computation of absence as respects appointment the course of the Audit will be easy: For two years, reckoning from departure, from Station to return to Station, the deductions will be as laid down at the commencement of the Section, and for any excess whether occasioned by the time elapsing before embarkation or after return to Port until return to Station, the Servant will be entitled to Subsistence Allowance without losing his Appointment.

SECTION XI.

The Government of each Presidency may grant to Civil or Military Servants holding Civil Appointments, leave of absence for one month in each year, without deduction from the Salaries and Emoluments drawn by such Servants. Such leave, however, will only be granted when the Government is satisfied that no inconvenience will arise from the departure of the Officer seeking it. No second leave can be granted under this rule until the completion of eleven months, from the expiration of the last leave, but the Servants not availing themselves of the indulgence in any one year may obtain under the like conditions leave of absence for two successive months, to commence at or after the expiration of 22 months, from the termination of their former leave, and if two years elapse without enjoyment of the privilege, leave for three months may in like manner be granted at the expiration of 33 months from the termination of the last preceding leave. But no leave shall be granted under this rule for any period exceeding three months. If an Officer shall not return at the expiration of the period of leave granted him under this rule, he shall if absent on private affairs be subjected to the deduction of one-third of his Salary and Allowances for the entire term of absence, and if he shall continue absent for more than one month beyond the term granted, his office shall become vacant. If his protracted absence be occasioned by sickness, the case must be determined under the Provisions of Chapter II.

not take place till a full two years have transpired between embarkation and return to Port. If the latter part of the Section VI be taken to apply only to computation of absence as respects appointment the course of the Audit will be easy: For two years, reckoning from departure, from Station to return to Station, the deductions will be as laid down at the commencement of the Section, and for any excess whether occasioned by the time elapsing before embarkation or after return to Port until return to Station, the Servant will be entitled to Subsistence Allowance without losing his Appointment.

SECTION XI.

3d. The design of this Rule is to grant one leave of absence without loss of Salary to the Servant who is present at his duty for the periods specified.

FORT WILLIAM,
LEGISLATIVE DEPARTMENT,
THE 12TH APRIL 1841.

The following Act passed by the Right Hon'ble the Governor General of India in Council on the 12th April 1841, is hereby promulgated for general information.

ACT No. I. of 1841.

An Act for facilitating the collection of the Revenue of Government and defining the interest intended to be conveyed by public sales for the realization of arrears of the Public Revenue in Puttedarree Estates.

Preamble. I. The Regulations in force authorize the application of duress for enforcing the payment of arrears of the public revenue, only against the person and property of the Contracting Lamberdar, leaving him to proceed against the Putteedars by suit or distraint. But with reference to the peculiar nature of these Coparcenaries the existing enactments appear to be insufficient, on the one hand for the protection of the rights of the Putteedars, and on the other hand for the punctual realization of the dues of Government. The Regulations are also deficient in not authorizing with sufficient distinctness the sale or transfer of the Puttees of defaulting Putteedars in Puttedarree Estates, and in not defining the interest intended to be conveyed by public sales of such Estates.

II. A Puttedarree Estate in this Act is held to be an Estate which consists of two or more separate portions or Puttees, or of which there may be proprietors, possessed of separate properties and holding direct of the Government, but not parties in their own names to the contract with the Government for payment of the public revenue. The proprietor who is a party in his own name is called a Lamberdar, and the proprietor who is not a party in his own name is called a Putteedar.

III. It is hereby enacted, that the following modes of duress may be enforced against all Putteedars whose tenure and interest may have been defined by a Settlement formed according to Regulation VII. of 1822 as modified by Regulation IX. of 1833, whether every such Putteedar be in sole occupation of his Puttee, or hold it in common with others.

1st. Issue of Distresses in the same manner, and under the same limitation, as authorized by the rules in force for Lamberdars.

2d. Arrest, detention, imprisonment, distraint and sale of personal property as now authorized to be enforced against Lamberdars.

3d. Transfer of the defaulting Puttee in perpetuity to the members of any other Puttee which may not be in arrear.

4th. Annulment of the Settlement as regards the defaulting Puttee, and lease thereof to the members of any other Puttee which may not be in arrear or to a stranger for any term not exceeding fifteen years.

5th. Sale of the defaulting Puttee by public auction in which case the members of the remaining Puttees who may not be in arrear are authorized to bid.

IV. And it is hereby enacted, that on occasion of the sale by public auction of any Puttee, if the lot shall have been knocked down to a stranger, any Putteedar or other member of the coparcenary not being himself in arrear may claim to take the said Puttee at the sum last bid, provided that the said demand of pre-emption be made on the day of sale and before the Collector shall have left the office, and provided that the claimant fulfil all the other conditions of the sale.

V. And it is hereby enacted, that the above methods be employed by the Collector or other Officers vested with the powers of Collector, under such limitation and control as Government or other superior revenue authorities shall see fit to prescribe or enforce.

VI. And it is hereby enacted, that the sale of any Puttee by public auction, shall be effected in respect to the notice to be issued, the authority to be obtained, and the mode of conducting the sale according to the rules prescribed by Law from time to time for the sale of an entire Mehal, and the Puttee after the sale shall have been duly confirmed shall be the absolute property of the purchaser, save and except the rights of those Ryots whose right to the permanent occupancy of their lands may have been recognized, and the rates of rent payable by whom may have been adjusted and recorded at the last settlement.

VII. And it is hereby enacted, that in case of the lease or other temporary transfer of any Puttee — above said no member of that Puttee shall be entitled to cultivate any land therein during the term of such transfer, or in case of absolute sale no member of the Puttee shall be entitled to hold or cultivate any land therefrom, and after the month of Bysack next succeeding such sale unless the said member of such sold or transferred Puttee shall first execute a written engagement to payment to the purchaser or transferee at the rate demanded by the purchaser or transferee. Provided that it shall be competent to the Collector, subject to the orders of the Commissioner and the Sudur Board of Revenue, if the rate cannot be fixed by private bargain between the parties to cause the same to be fixed by a jury of the vicinage in the mode directed by Sections V. to X. Regulation IX. of 1833.

VIII. And it is hereby enacted, that a copy of the Jumma Wasil Bakes and detailed Kuteence of the Tehsildar signed and sealed by him, and countersigned by the Canoongrees and Putwarry exhibiting in detail the amount paid by and arrear due from each Puttee shall be taken to be sufficient evidence of the arrear due from that Puttee, and these papers shall invariably be filed with the Collector's proceedings.

IX. And be it enacted, that the Collector be empowered to give possession to all purchasers and transferees under this Act in the mode authorized by Clause III. Section XXIII. of Regulation VII. of 1822.

X. And it is hereby enacted, that nothing contained in this Act shall bar the indefeasible right of Government to hold the entire body of proprietors and the entire estate responsible for the amount of the whole Jumma, and to enforce the existing regulations for the transfer or sale of the whole estate whenever it shall appear to them just and expedient. In every such case it is hereby declared in modification of Regulation XI. of 1822, that the entire proprietary rights of every member of the coparcenary shall be annulled and forfeited, and the provision of Section V. of this Act shall be applicable to every member of the Coparcenary.

XI. And it is hereby enacted, that the Governor General in Council may extend the provisions of this Act to any district to which with reference to the nature of the tenures prevalent therein its extension may be expedient, although no Settlement of such district may have been made under Regulations VII. of 1822, and IX. of 1833 and the Order of Government shall be sufficient authority for such extension.

Secy. to the Govt. of India.

10. No Sub-Treasurer's Receipts or Deposit of Public Securities under the fifth of the present Conditions, will be received in this Office except from the party recorded as the Purchaser in the Sale Book, or his authorized Agent. CHARING CROSS.

Messrs GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties to his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

Offering his thanks for the extensive and valuable patronage long afforded to the Establishment under his sole management, and now so kindly committed to the Firm of GRINDLAY, CHRISTIAN & MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance.—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouchsafed by a large proportion of those whose engagements led them to India. It is acknowledged with pleasure, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

MAKING ADVANCES IN INDIA AND CHINA,
UPON

The Goods and Merchandise of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advance is made under the Court's orders.

Ditto.....	Madras.
Ditto.....	Bombay.
Per Spanish Dollar Ditto.....	China.

4th.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignment and Policies of Insurance effected thereon, both in England and India, and to be drawn

deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made, with the Consignor; and in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

6th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to insure the Goods, the expense of which shall be reimbursed to them previously to their making over the Goods to those Parties or their Agents.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whomsoever) at any period after default shall be made either in acceptance of payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expences which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 13 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Peter and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

tives of the Officer so deceased, as hereinafter mentioned.

III. When any Non-Commissioned Officer or Private Soldier shall happen to die out of the United Kingdom, or be killed in the Service, the then Commanding Officer of the Troop or Company to which he may have belonged, shall, in the presence of two other Commissioned Officers, take an account of whatever Effects he dies possessed of, besides his Regimental Clothing, Arms and Accoutrements, and of his Credits, and shall take care that the same be applied in the first instance to the liquidation of his Regimental Debts, the remainder, if any, to be paid over to his legal Representative, under the directions of the Military Secretary to the Government of the Presidency to which such Soldier shall have belonged, and the Major and other Officers to be selected and appointed for the purposes aforesaid, who are hereby authorized and required to take upon them the said duties, shall faithfully discharge the same, and in all respects conform to the provisions and regulations of the Laws in force in this behalf, particularly of an Act passed in the 3d and 4th years of our Reign, Chapter 37, intitled "An Act to consolidate and amend the Laws for punishing Mutiny and Desertion of Officers and Soldiers in the Service of the East India Company, and for providing for the observance of discipline in the Indian Navy, and to amend the Laws for regulating the payment of Regimental Debts, and the Distribution of the Effects of Officers and Soldiers dying in the Service," particularly Sections 48, 49, 50, 51 and 52, of the said Act.

In pursuance of the provisions of the above cited Sections of the Mutiny Act, and Articles of War for the better Government of Officers and Soldiers in the service of the East India Company, the

Immediately upon the decease of an Officer present with his Regiment, the Major of the Regiment, or the Officer who may be second in Command at the time with the Regiment, having secured the Effects or Equipage of the deceased, a Committee of Adjustment shall be assembled without delay, whose duty it will be in all cases to search for a Will, to make an Inventory of Effects and an Account of the Debts and Credits, and in all practicable cases to settle the Regimental Debts of the deceased.

The Inventory, together with the Account of Debts and Credits, and any sum which may remain after satisfying the Regimental Debts, will be transmitted by the Committee, through the Officer Commanding the Regiment, to the Military Secretary to Government, to be by him paid to the Executor or legal Representative of the deceased.

In all cases where a Will is not found; or when a Will is found and the Estate is not solvent; or when no Executor is appointed; or when the Executor named in the Will is at too great a distance to be communicated with within one month; it will be the duty of the Committee to cause the Live Stock and other property of the Estate to be sold by Public Auction without delay; but in the event of the Executor being on the spot or within the distance above indicated,—the Estate appearing to be solvent,—the Committee will communicate with him and reserve or dispose of the Live Stock and other property of the Estate as he may desire; and the proceeds of sale and the property reserved being subject, however, to the Orders of the Military Secretary to Government, without whose authority no Effects, or Proceeds or Surplus of Effects, are to be made over to the Executor.

The Committee will, in all cases, draw the Arrears of Pay, &c. which may be due to the deceased, and Accounts of Estates are not to be closed until such Pay, &c. shall have been received. To relieve the Committee, however, from the charge and responsibility of keeping proceeds of Estates

in their hands, pending the close of Accounts, remittances on account are to be made to the Military Secretary to Government.

To avoid delay in adjusting the Arrears of Pay due to Officers deceased, it will be the duty of the Military Auditor General, immediately on receiving notice from the Military Secretary to Government, or other certain information, of the decease of an Officer, to cause all Bills in his Office connected with the deceased in any way to be examined and checked, in order to their early settlement.

The Committee will record and sign their Proceedings, entering with all other necessary particulars the date, place, and object of their assembly, as well as the names of the Convening Officer and of the President and Members.

When any delay appears likely to occur in bringing the proceedings to a close, a special report of the circumstances is to be made to the Military Secretary to Government by the Committee, with a statement of the progress made up to the date of such report.

All Proceedings and Papers connected with Estates, transmitted to the Military Secretary to Government, and all references for instructions made to him, are to be forwarded through the Convening Officer, who is considered responsible for the regularity of the procedure of the Committee. All correspondence with the Registrar of the Supreme Court relative to his taking out Administration to Estates, is restricted to the Military Department; and Committees of Adjustment will neither communicate their proceedings direct to the Registrar, nor will they make remittances on account of Estates direct to the General Treasury, but only through the Military Secretary to Government.

In the case of the demise of an Officer possessed of Instruments, Field Books or Maps, or other articles, the property of Government, it will be the duty of the Committee of Adjustment to report especially upon such public property to the Convening Officer, who will be held responsible that the same be not sold with the private Effects of the deceased, and that proper measures be taken for its safe custody. A copy of such special report will be inserted in the Proceedings of the Committee.

With reference to Section XLIX. of the Mutiny Act, it is hereby notified that all sums due to the Military Orphan Fund, the Military Fund, the Medical Fund, are of the nature of Regimental Debts; but claims or demands of the undermentioned descriptions are not Regimental Debts, and therefore will not be settled by Committees of Adjustment.

Bills of Tradesmen of every class without exception.

Private Accounts of Agents, Merchants, Shopkeepers, Money-lenders, and Dealers.

Claims for Money borrowed, for the purpose of building or purchasing Quarters, to distinguish it from Money due for the hire of quarters, or for their purchase from the former proprietor, which is a Regimental Debt.

Mess Bills for any period in arrears beyond the month in which an Officer dies and the immediately preceding month.

Bills for Liquors supplied from the Mess Stores to unmarried Officers, separate from their charges at Mess.

Bills on account of Subscriptions to Regimental Bands, Book Clubs, and similar private institutions.

When an Officer separated from his Regiment by employment on the General Staff, or by having obtained leave of absence, or by any other circumstance, or an Officer of the Invalid Establishment, shall die at any station, it will be the duty of the Officer Commanding at such Station to order a Committee of Adjustment to assemble without delay, consisting of a President being either an Officer not under the rank of Major, or the next Senior Officer available at the Station, and of two Members who shall in all practicable cases be Officers of eight years standing in the Service; and such Committee shall proceed in every particular in the mode laid down in the foregoing rules for the guidance of Regimental Committees of Adjustment. In the case, however, of an Officer temporarily detached from his Regiment, dying at a Station other than that to which he properly belongs it will likewise be the duty of the Officer Commanding the Regiment, on receiving intimation of his decease, to convene a Regimental Committee in the usual manner; and in such a case, the Regimental Committee, and not

that assembled where the individual died will draw the Arrears of Pay; and the proceedings of the latter Committee will be forwarded to the Officer Commanding the Regiment to which the deceased belonged, in order to their communication to the Regimental Committee of Adjustment, and to their transmission simultaneously with the proceedings of the Regimental Committee to the Military Secretary to Government.

Officers Commanding at Stations where detached Officers die, will consider all the foregoing rules relating to the duties and responsibilities of Regimental Commanding Officers, to be equally applicable to themselves.

On the decease of Warrant Officers, and of Non-Commissioned Officers and Soldiers in detached employ, Committees of Adjustment composed of three Commissioned Officers will be assembled by Order of the Officer Commanding at the station, and will proceed in the mode hereinbefore prescribed.

It is the duty of the Town Major to convene Committees of Adjustment on the Effects of Officers dying at the Presidency; such Committees to consist of any three Officers who may be available, the President being not under the rank of Major, and the Members of at least Eight years' standing in the Service. The proceedings of such Committees will be forwarded direct to the Military Secretary to Government; to whom application is to be made when necessary, for instructions.

Such parts of the foregoing rules as are applicable to the cases of Soldiers dying in the Service, and are in conformity with the Mutiny Act and Articles of War relating thereto, are hereby extended to such cases.

The Government General Orders No. 260, dated 7th December 1827, prescribing rules for the guidance of the Sub-Treasurer, in regard to Deposits in the General Treasury, is hereby declared to be in full force.

TERMS AND CONDITIONS

FOR
MAKING ADVANCES IN INDIA AND CHINA,
UPON

The Goods and Merchandise of Individuals intended for Consignment to England, re-payable to the Court of Directors of the East India Company.

1st.—The parties to whom Advances may be made shall agree that the respective Consignments be delivered into such Warehouses as the Court of Directors may approve: and that they be subject to the control of the Court of Directors until the lien of the Company upon the Consignment shall have been satisfied.

2d.—Upon each Consignment, the value of which is to be ascertained by the Officers of the Indian Government, or Authorized Agents of the East India Company, an Advance not exceeding three-fifths of such ascertained value will be made.

The rate of Exchange to be determined from time to time at the place where the Advances are made under the Court's orders.

For Company's Rupee for Advances made at.....	Bengal.
Ditto..... Ditto.....	Madras.

For Spanish Dollar Ditto.....	China.

3d.—The Parties will be required to place in the hands of the Board of Customs, Salt and Opium, Bills of Lading of the Consignments and Policies of Insurance effected thereon, both in triplicate. The Bills of Lading must be drawn

deliverable to the East India Company, or endorsed to the order of the East India Company. The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

4th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advance, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

5th.—An Agent in England shall be appointed for each Consignment, to whom the Court of Directors shall be empowered to make over the Goods, subject to all the conditions agreed upon with the Company, on payment of the Bills; and with whom they shall be authorized to transact generally all business relating to such Goods. The Consignor shall be at liberty to make provision, in case of the Party upon whom the Bill is drawn, (being also the Agent) having failed to accept the Bill, for the substitution of another Agent.

7th.—After the arrival of the Goods in England and when they shall have been placed in such deposit as may have been agreed upon, the Agent may be put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

8th.—The rate of Discount to be allowed by the Company shall be the same as that charged by the Bank of England; and in cases where interest shall have accrued, such interest shall be computed at the rate or rates per cent. at which the Company have allowed Discount during the period for which such interest is chargeable.

9th.—Parties or their Agents will be required to insure the Goods from fire, and deposit the Policies with the East India Company; such Insurance to take effect from the date of the termination of the Sea risk. Should however the Parties or their Agents fail to effect such Insurance, the East India Company shall be at liberty to insure the Goods, the expense of which shall be reimbursed to them previously to their making out the Bills to these Parties or their Agents.

10th.—Parties receiving Advances, in address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or consent of any person whatsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

Extract of a Despatch from the Hon'ble the Court of Directors in the Financial Department, dated the 17th August, No. 12 of 1838.

5.—In future we desire that you will restrict your Advances to the great staple Articles of Indian Produce, Cotton, Silk, Sugar, Coffee, Indigo, Salt Peter and Piece Goods—and further that no Advance be made upon any Consignment the ascertained value of which shall be less than 5,000 Rupees.

By Order of the Governor General in Council,

Secy. to the Govt. of India.

(COPY.)

Chirgong, 21st April, 1841.

Sir,—I have the honor to report that the force under my command, took possession of the Town and Fort of Chirgong this morning.

Artillery.

2 18-Pounders.

2 9-Ditto.

2 6-Ditto.

1 24-Pounder Howitzer.

1 8-Inch Mortar.

1 5½-Inch Mortar.

Cavalry.

1 Troop 8th Cavalry.

6 Troops Cavalry Regiment Bundelkund Legion.

Infantry.

1 Compy. 18th Regiment.

3 Cos. 52d Regiment

3 Cos. Sepree Infantry.

9 Cos. Bundelkund Infantry.

In continuation of my letter of the 13th instant, I have the honor to acquaint you with our operations up to this date.

On the afternoon of the 18th, some Camp-followers having gone to the village of Pari, the enemy sallied from the town with a party of Cavalry, Infantry and Rockets, I thereupon ordered two six-pounders on the flank of the village of Cherowna to open on the parties

crossing from Chirgong to Pari, and at the same time directed a Troop of Cavalry under a Native Officer to attack the enemy on the plain, Captain Verner, Commanding the Cavalry of the Legion, volunteered to lead this Troop, which he did most gallantly and with perfect success, driving the enemy under cover of the walls of the Town, from which a heavy fire had been kept on the Troop ever since it moved out, the enemy as soon as he got into ground inaccessible for Cavalry kept up a heavy fire of Rockets and Matchlocks on Captain Verner's party, which after effecting the object for which it had gone out retired in perfect order with a loss of one Kote Duffadar and one Sowar wounded, one Horse killed and four Horses wounded.

On the 16th the Park arrived from Cawnpore, escorted by a Troop 8th Cavalry, and three Companies 52d Regiment—during the night the platforms for the Mortars were laid down and those pieces put in position, on the 17th an occasional shell was fired into the body of the place, to find the proper charge and length of fuse, a constant fire could not be kept up as the Field Magazine was not ready. On that day the platforms for the 18-Pounders were also prepared, and at night those guns, as also the 9-Pounders and 24-Pounder Howitzer, were moved into their respective Batteries. The Field Magazine being all ready on the morning of the 18th, a cannonade was commenced chiefly with a view to silencing the enemy's guns before advancing the Batteries to breaching distance, which was kept up without intermission until half past ten A. M., it recommenced at half past three P. M. and ceased at sun-set.

On the 19th the fire was carried on the same as the day before, the Mortars playing upon the Town and the Guns upon the Palace in the Fort, which was nearly destroyed.

I determined to occupy a garden on the left of our position with 160 yards of the Town wall, where I observed the enemy had been very busy throwing up entrenchments, and to which they seemed to attach great importance, which I afterwards discovered to be on account of the wells in it. I directed a Detachment of three Companies of Infantry and a Squadron of Cavalry under Captain Jamieson, 52d Regiment, to take possession of the garden, at the same time I had the whole Force under Arms to support if necessary; about four o'clock on the morning of the 20th, Captain Jamieson moved from Chirgong, with his command near the enemy's position, by way of the garden, and four rounds of Musquet fire were directed at the

garden from the 9-Pounder Battery, on which Captain Jamieson moved to the attack; on coming up to the Stockade every thing appeared as if the place were deserted, and as it was scarcely day break, the darkness among the trees prevented objects being visible; in confidence did the enemy appear in the strength of his position, that he allowed Captain Jamieson's party to get close up to the Stockade, and some of the Officers and men even to commence attempting to pull out the stakes before he fired a shot, and the first intimation of his being there was a volley from about 300 Matchlocks, which knocked over a number of men of the leading sections, and made the others recoil for a time; the men soon recovered however under the noble example of their European Officers and an unceasing fire of musquetry continued for some time on both sides, the enemy throwing Rockets and Fireballs into our Detachment; the strength of the Stockade preventing the possibility of its being forced, till the 6-Pounders were brought up with a Company of the 13th. It was then a hand to hand contest took place. In forcing the Stockade, several of the enemy were bayoneted and our men suffered severely; the enemy at the same time opened a heavy fire from the Fort of round shot and Rockets on the whole of our position.

Captain Jamieson was gallantly seconded by the other European Officers; Lieutenant Lander (who commanded the Squadron of Cavalry, when he found the ground would not admit of Cavalry acting, dismounted and served with the Infantry in the most gallant manner), Lieutenant Johnston, Adjutant of Infantry Bundelkund Legion, and Lieutenant Brodie, of the 52d Regiment, the Officers of the support, Ensign Wilson, 18th Regiment, Captain Blake, Scindia's Reformed Contingent, Captain Barry, Bundelkund Legion, and Lieutenant Pownall, 52d Regiment, also much distinguished themselves.

Although the enemy was driven from the garden in the most gallant style, as soon as an entrance could be effected through the Stockade, that position being within 100 yards of the Town wall, he was still able to keep up a destructive fire on it the whole day. By the exertions of Captain Jamieson however, and the Officers with him, a breastwork was thrown up facing the enemy, and I determined on establishing a breaching battery at the angle of the garden next the Town. Platforms were laid for the 18-Pounders under the superintendence of Captain Smyth, and every thing in readiness to move the Guns into Battery, when I ascertained that the enemy had evacuated his Town and Fort, of which we are now in possession.

From Captain Smyth during the present service, I have received the greatest assistance, and my thanks are particularly due to that Officer for his conduct and ability as Field Engineer.

From the whole of the Officers of the Force I have received the most zealous support, the list of killed and wounded on our side in the action of yesterday is as follows:

Artillery—Wounded.

One Gun salute; one Ordnance Driver.

Cavalry Bundelkund Legion—Wounded.

3 Dragoons; 7 Sowers; 20 Horses.

Killed.

8 Horses.

18th Regiment—Wounded.

1 Havildar.

1 Naik.

5 Sepoys.

52d Regiment—Wounded.

1 Jemadar.

1 Havildar.

1 Naik.

5 Sepoys.

Since dead.

1 Naik.

2 Sepoys.

Scindia's Contingent—Killed.

1 Sepoy.

Wounded.

1 Havildar.

13 Sepoys.

Since dead.

1 Sepoy.

1 Jemadar.

1 Havildar.

3 Naiks.

25 Sepoys.

Since dead.

4 Sepoys.

Lancers—Wounded 2.

The loss of the enemy is very difficult to ascertain exactly from the circumstances of their always carrying off their killed and wounded if possible; nine bodies were found in the garden and from other reports that have been received from wounded men left in

Chingong, and from other sources, it appears the loss of the enemy in the action of yesterday as well as from the Shells thrown into the Town, has been immense.

From the extent of the works and the number of Guns round the wall, on every point of which the enemy was on the alert as soon as any of our reconnaissance or foraging parties appeared, I considered that the Garrison could not have been less than four thousand men, and native report makes the number to have been much greater.

The Ordnance captured in the Fort and Town has not yet been correctly ascertained, but five long heavy Iron Guns, and eight of smaller calibre, have already been reported.

I have, &c.

Detachment Order by Captain W. F. Beatson, Commanding Field Detachment.

Camp Cherowna, 14th April, 1841.

The Commanding Officer has much satisfaction in recording his sense of the gallantry displayed by Captain Verner in a charge with a Troop of Cavalry yesterday evening, against a large body of the enemy, consisting of Cavalry, Infantry and Rockets, and of the coolness of that Officer in very properly withdrawing his Troops from under a heavy fire, when the ground became such as Cavalry could no longer act on, and the object of making the enemy withdraw under protection of the Guns of his Fort had been effected.

having been accomplished by our occupation of the Fort and Town of Chingong, the Commanding Officer has much satisfaction in recording the high sense he entertains of the zeal and gallantry displayed by all ranks during the present service.

In the action of yesterday all did their duty, but Captain Jamieson, 52d Regiment, thanks are particularly due for the gallant manner in which he carried the enemy's entrenched garden, a position in which every means had been used to render it secure by entrenchments and a thick Stockade of thorns all round, the resistance of the enemy was such that a hand to hand combat took place in facing the Stockade, several of the enemy were bayoneted and our men suffered severely.

The Detachment which first moved to the attack of the garden, consisted of a Squadron of the Bundelkund Cavalry, one Company 52d Regiment, the Grenadiers of the Infantry Regiment, Scindia's Reformed Contingent, and a Company of the Bundelkund Infantry, all of whom displayed the most daring gallantry.

Captain Jamieson was gallantly seconded by the other European Officers, Lieut. Lander (who commanded the Squadron of Cavalry, and when he found the ground would not admit of Cavalry acting, dismounted and served with the Infantry in the most gallant manner,) Lieut. Johnston, Adjutant of Infantry Bundelkund Legion, and Lieut. Brodie, 52d Regiment, the Officers of the support, Ensign Wilson, 18th Regiment, Captain Blake, Scindia's Reformed Contingent, Captain Barry, Bundelkund Legion, and Lieut. Pownall, 52d Regiment, also much distinguished themselves, the garden was under a heavy fire of

round shot and musketry the whole day, and nothing could exceed the coolness and gallantry of the Officers and men who held it.

The exertion of the Artillery Officers, Captain Pepper and Lieut. Conran, assisted by Mr. Conductor Bentley, in the 18-Pounder and Mortar Batteries, were unceasing.

To Captain Smyth, Commanding the Artillery of Scindiah's Reformed Contingent, thanks are particularly due for his unremitting exertions both in command of the 9-Pounder and Howitzer Battery, and as Field Engineer, in which situations his coolness and gallantry were most conspicuous.

The assistance derived from Lieut. Wardroper as Detachment Staff, during the whole of the present service, entitles that Officer to the Commanding Officer's best thanks.

The skill and attention displayed by Field Surgeon Ginders and the other Medical Officers in the treatment of the wounded, deserve the highest praise.

The coolness and gallantry of Meer Amanut Ally, Soobadar Major, Infantry Regiment Scindiah's Reformed Contingent, deserve to be particularly recorded, and the Commanding Officer requests Captain Blake, Commanding the Infantry of S. R. C., will convey to that Officer as well as to the Company under his command, how highly he appreciates their distinguished gallantry. The Officers Commanding Detachment 13th and 52d Regiments and Infantry Regiment Bundelkund Legion, will also explain to their men that their gallantry is appreciated; the Squadron of Bundelkund Cavalry under Lieut. Lander which accompanied Captain Jamieson's Detachment in the first attack, behaved most gallantly throughout the day.

The Policies of Insurance must be effected in the name and on behalf of the East India Company, as the Parties interested, or endorsed to their order; but persons desirous of effecting the necessary Insurance in this Country, and of depositing the Policies in the Company's Treasury, will be allowed to do so.

5th.—In case of default being made either in acceptance, or payment of the Bills, the Court of Directors to be authorized, in such manner and at such times as they may see fit to sell the Goods, for the purpose of re-paying the Company the amount of the Advances made thereon, including Freight and any other charges or expenses which the Company may have incurred on account of the Consignment, together with interest, should any have accrued; the Company, on the other hand, allowing discount, where any part of the proceeds shall be realized before the Bills fall due, and the settlement of either surplus or deficiency shall be made with the Consignor; and if in India or China by the Government or Agents from whom he received the Advances, at the rate of exchange at which the Company may at the time be drawing Bills upon such Government or Agents.

3th.—After the arrival of the Goods in England, and when they shall have been placed in such deposit as may have been agreed upon, the Agent may put into possession of them before the Bills become due, upon the amount of such Bills (less discount) being paid, together with the Freight and any other charges and expenses which the Company have paid or may be subject to on account of the Goods.

10th.—Parties receiving Advances, to address in each instance a Letter in quadruplicate to the Court of Directors, according to a form which will be furnished by the Officers of Government (or authorized Agents of the East India Company), signifying their assent to all the foregoing conditions, but more particularly for the purpose of expressly authorizing the sale of the Goods by the Company (without either notice to or concurrence of any person whatsoever) at any period after default shall be made either in acceptance or payments of the Bills; also authorizing, in such cases, the re-paying to the Company the Advances made, either principal or interest, together with any other charges or expenses which the Company may have incurred in respect of the Goods, and appointing the Agent in England for each transaction.

CHARING CROSS.

Messrs. GRINDLAY, CHRISTIAN, & MATTHEWS.

THE numerous communications which have been addressed to Captain Grindlay from all parts of India, conveying the most flattering approbation of the manner in which his duties as his constituents have hitherto been performed, and the most cordial assurances of support to the new Firm, commenced in November, 1838, are felt by him to call for a public expression of gratitude.

■ thus offering his thanks for the extensive and honorable patronage long afforded ■ the Establishment under his sole management, and now so kindly promised to the Firm of GRINDLAY, CHRISTIAN AND MATTHEWS, he begs to assure his numerous friends and well wishers, that the efforts of himself and his partners will be unremittingly directed to merit the continued confidence reposed in them by

the various branches of the Indian community, both at home and abroad.

The high character attained by the Establishment under his superintendence has been the result of many years' perseverance.—Its pretensions were tested by experience, and the value of the facilities which it afforded for the dispatch of business, tried and vouches for by a large proportion of those whose engagements led them to India. It is acknowledged with pride, that success followed exertion, and the means have thus been obtained of increasing the resources of the Establishment and greatly enlarging the circle of its usefulness.

In conclusion, Messrs. GRINDLAY, CHRISTIAN AND MATTHEWS have only to remind their Subscribers and the Public at large, that they continue to transact every description of business connected with India and the Colonies.

Parties desiring to support this Agency are informed that Subscriptions of 12 Rupees per annum will be received by

Messrs. COLVIN, AINSLIE, COWIE & Co., Calcutta.
Messrs. BRISBY & Co. Madras.
Messrs. LUCKIE & Co. Bombay.
Messrs. FRITH & Co. Do.

SEVERAL Advertisements in the various Calcutta papers, purporting to have been published by the Lessee of the Stone Quarries of Mirzapore and Chunar, especially the two Advertisements in the *Englishman* newspaper of the 3d and 5th of May, herewith annexed, having been brought to the notice of the Sudder Board of Revenue North Western Provinces, it is hereby notified that no lease of the Stone Quarries has been granted to any person whatever. The Stone Quarries are by law open to the public, and every person is free to quarry such Stones as he may require, and to remove them so soon as he shall have paid the duty fixed by law on the sort of Stones taken.

A lease of the Government duty on Stones quarried in Chunar and Mirzapore was given to Mr. Menzies of Chunar, with a condition of forfeiture on the occurrence of any illegal proceeding. Numerous complaints have been made to the Sudder Board of illegal proceedings on the part of the said Lessee, and the case is under consideration of the Board. But the Board have directed the publication of this notice in order to prevent the public from remaining under an erroneous impression that any person had acquired a title to interfere with

the full right of all persons to quarry Stones as heretofore, and remove them on payment of the duty.

 France is the channel of communication (if the latter are
 expressly directed to be so sent) will be made up in Packets

4. Each Lot to contain Five Chests.

5. A Deposit in a Promissory Note for 1,000 Rupees per Lot, or 200 Rupees per Chest, shall be made by the Purchaser in the Sale Room, and before the Lot is registered in the Sale Book, and all such Promissory Notes shall be retained on the part of Purchasers at this Office by Sub-Treasurer's Receipts, or by substitution of other Public Securities of the Bengal Government, on or before 4 o'Clock of the Afternoon of Friday, the 28th May 1841, or on the other hand, failing such redemption by the time aforesaid, then the Lot or Lots for which no Sub-Treasurer's Receipts, or Deposit of other Public Securities as aforesaid, shall have been delivered in, shall be re-sold at such time or times, and under such Conditions of Re-sale as the Board of Customs, Salt and Opium, shall see fit, and all losses and expenses whatsoever attending such Re-sale, shall be borne and paid by the Dealers, whilst any profit accruing from such Re-sale shall be forfeited to Government.

6. The Promissory Notes taken on the day of Sale under the last mentioned Condition, if remaining unredeemed on the said 28th May 1841, will be placed in the hands of the Attorney to the Hon'ble Company for realization in such manner as to him shall seem fit.
